

Lockers for Clinical Clerks

Please be advised lockers are available at the Calgary hospital sites for medical students. You will need to bring your own lock (please do not use the lock from your UME locker in the Health Sciences Centre). Lockers are intended for use only during your rotation and must be vacated at the end of your elective at each site. As well, please only use the designated lockers (i.e. lockers in units and on surgical suites are intended for others).

Alberta Children's Hospital:

50 half lockers installed in Corridor AO-400 (basement level). To find the lockers, go to the basement level, find the stairway corridor AO-400, and you will see empty lockers available for your use. They are in the stairwell down the corridor from the Mental Health Unit.

Rockyview General Hospital:

58 half lockers installed in in the area beyond doorway 3A104 (Holy Cross Acute Care Centre and the Fisher Building basement level).

Peter Lougheed Centre:

50 half lockers installed in the Doctor's Lounge, Room 1619, Main Floor, corridor toward the Emergency Department. Code for the Dr's Lounge at the PLC is: 6978* (star).

South Health Campus:

50 half lockers installed in the Resident Lounge, 4th Floor, Room 480100.

Foothills Medical Centre: UME assigns lockers in the Health Sciences Centre, so no additional lockers are available within the hospital.
